

BIG IDEAS TASK

Hey peeps!

The Big Ideas task is coming up with One Big Goal. Or a couple, but one is fine for now!

We are just going to throw some big ideas out into the universe. Download and print the worksheet below, then off the top of your head, I want you to write down on the paper provided some business goals for the next 6 or 12 months. What do you want to achieve?

You don't need to share these goals at this stage.

Pop this paper away safely, to be retrieved at a later date.

I wish...

Write down some big goals for your business here. The sky is the limit!
